Horsepower to give you **goosebumps**

Unmistakably Golf but with innovative twists, this is a truly modern hot hatch.

All of the components inside the GTI are carefully tailored to give the vehicle its distinctively sporty look.

With a 2.0 TSI engine, this sporty hatch delivers an impressive 180kW that hurtles you from 0 to 100 in under 6.5 seconds. Made not just for the straight but for the corners too, the front differential lock helps to keep you in control. Wherever you are heading, you can make the most of this powerful engine.
