The new Golf GTI
The new Golf GTI – Fuel consumption in litres/100 km: combined, between 5.8 and 6.0; CO₂ emissions in g/km: combined, between 129 and 135.

Many seek to emulate. But none have ever matched it. There’s only one GTI. In its seventh generation, it has remained true to itself in every detail. Which means that it sometimes even looks and acts much faster than it is. At the same time, the characteristic honeycomb front end, the sweeping side skirts and the distinctive “GTI” logo keep everything as it always was: simply unique.
A true tale—planned to be a special edition coming 50 years later back in 1966, the GTI became massively popular in the very shortest time. The seventh-generation GTI re-interprets the legendary “Denver” GTI wheels in the form of the optional “Austin” 18-inch alloy wheels. Its front end and the seats with the chequered pattern leave no doubt as to its lineage. Just as the 1.4-litre TSI engine leaves no doubt as to its destiny.

THREE LETTERS — A WEALTH OF TALES.

A true tale—planned to be a special edition coming 50 years later back in 1966, the GTI became massively popular in the very shortest time. Its front end and the seats with the chequered pattern leave no doubt as to its lineage. Just as the 1.4-litre TSI engine leaves no doubt as to its destiny.

THREE LETTERS — A WEALTH OF TALES.

The new Golf GTI — 06.
WHEELS

1. “SANTIAGO” ALLOY WHEEL

A true eye-catcher: the “Santiago” alloy wheels, Volkswagen R GmbH. The impressive 19-inch design features black elements with high-gloss finish. The wide size 235/35 R 19 tyres provide the vehicle with optimum grip.

2. “AUSTIN” ALLOY WHEEL

The “Austin” alloy wheels are a re-interpretation of the legendary “Denver” GTI wheels. Their five brawny spokes, the black paint and high-sheen surface emphasise the new Golf GTI’s uncompromising dynamism.

3. “BROOKLYN” ALLOY WHEEL

With size 235/35 R 19 and distinctive, asymmetrical spokes, the “Brooklyn” alloy wheels embody the urge to drive inherent to every GTI. And leaves the factory as standard equipment.

A true eye-catcher: the “Santiago” alloy wheels, Volkswagen R GmbH. The impressive 19-inch design features black elements with high-gloss finish. The wide size 235/35 R 19 tyres provide the vehicle with optimum grip.
WHEELS

1. “SANTIAGO” ALLOY WHEEL

A true eye-catcher: the “Santiago” alloy wheels, Volkswagen R GmbH. The impression of strength, the five brawny spokes, the black elements and high-sheen surface give the new Golf GTI’s uncompromising dynamism a distinctive accent. The impressive 20-inch “Santiago” alloy wheels and the wide size 225/40 R 18 tyres provide the vehicle with optimum grip.

2. “AUSTIN” ALLOY WHEEL

The 19-inch “Austin” alloy wheels are a re-interpretation of the legendary “Denver” GTI wheels. Their five brawny spokes, the black 205/50 R 19 tyres and size 225/40 R 18 tyres emphasise the new Golf GTI’s uncompromising dynamism.

3. “BROOKLYN” ALLOY WHEEL

With size 225/40 R 18 tyres and distinctive, asymmetrical spokes, the “Brooklyn” alloy wheels embody the urge to drive inherent to every GTI that leaves the factory.

4. “SANTIAGO” ALLOY WHEEL
3. AUSTIN ALLOY WHEEL

The 18-inch "Austin" alloy wheels take their cue from the legendary "Denver" GTI wheels. Deep five-spoke design, the black 5-hole, high-gloss aluminium, size 225/40 R18 (check the tyre size of your Golf GTI or please consult your dealer). Standard feature.

2. BROOKLYN ALLOY WHEEL

With size 225/45 R 17 pm and distinctive, asymmetrical spokes, the "Brooklyn" alloy wheels embody Golf GTI's design. They give it a sleek appearance even if your Golf GTI has the basic trim level. Optional extra.

1. SANTIAGO ALLOY WHEEL

A true eye-catcher: the "Santiago" alloy wheels, Volkswagen R GmbH. The impressive 18-inch forged figures, black elements with high-gloss surface. The size size 225/45 R 17 pm provide the vehicle with optimum grip.

Our vehicles are equipped with summer tyres as standard. As of 2005, you are required by law in the Federal Republic of Germany to equip your vehicle with M+S tyres or all-weather tyres in wintry weather conditions with black ice, packed snow, slush, ice or slippery frost. Your local Volkswagen Dealer will be pleased to advise you.

At a top speed of up to 250 km/h, you’d best be wide awake. That's why the new Golf GTI gets your adrenaline up before you even start. One look at its sporty design, featuring details such as the dark red LED tail lights or chrome-plated twin tailpipe, and your heart rate increases. And if that’s not enough, up to 221 kW (300 bhp) and a torque of 350 Nm should supply sufficient adrenaline.

LUCKILY, ADRENALINE IMPROVES YOUR REFLEXES.

Fuel consumption in litres/km: between 6.2 and 5.0 (urban)/between 5.8 and 4.6 (combined), CO₂ emissions in g/km: between 147 and 115 (combined), efficiency classes: D, C.
The dark red LED tail lights have been perfectly integrated into the rear light design line. Together with the LED licence plate light for the rear licence plate, they render the new Golf GTI unmistakable even from behind.

The rear spoiler elegantly continues the new Golf GTI's roof line. Combined with the black side panels it not only improves the aerodynamics but also adds a further note of sportiness.

Fuel consumption in litres/km: combined, between 5.7 and 5.9; CO₂ emissions in g/km: combined, between 130 and 128.

Standard feature

Optional extra
THE QUICKEST LINK BETWEEN CORNERS ON THE ROAD AND THE CORNERS OF YOUR MOUTH.

Who would have thought that a tongue twister such as front-axle differential lock can bring a broad smile to one’s face? Especially in the new Golf GTI. This optional feature really enhances the pleasure of cornering with even more dynamism and added traction. No surprise then that the corners ahead cause a twitch at the corners of your mouth.

The electronic stabilisation programme can prevent the vehicle breaking away in critical situations by targeted intervention in the brake and engine management.

Nevertheless it is naturally essential that you drive carefully because not even the electronic stabilisation programme can overcome the limits set by physics.
MEN SHOW EMOTION TOO.
IF YOU PRESS THE RIGHT BUTTONS.

A look at the Golf GTI cockpit puts a smile on every man's face. The “Clark” seat upholstery, golf ball-look gear lever knob, illuminated door sill trim, illumination of the multifunction sport steering wheel and the new colour display on the instrument panel appeal to all senses. Meanwhile the accelerator pedal has been enlarged and the brake pedal finish has become a rich grey, only one thing remains unadulterated delight.
Get there even faster: "Car-Net" keeps you constantly up-to-date with the latest traffic information straight from the Internet, thus letting you efficiently adapt your route. The photo-realistic display makes orientation even easier. In addition, you can use Google Street View to show many roads as a 360°, driver’s-eye image on the display.

Please refer to www.volkswagen.com/car-net for additional information.

Fuel consumption in litres/km: Combined, between 5.37 and 5.78; CO₂ emissions in g/km: Combined, between 604 and 612.

The new Golf GTI – Paint finishes, seat upholstery and combinations
Isaac Newton described the laws of motion. So what? The GTI has its own rules. While it demonstrates impressively as the GTI “Performance” its massive output of 220 kW (300 bhp) accelerates 0 to 100 km/h in only 5.4 seconds. And back again, thanks to its generously dimensioned brake system featuring the “GTI” logo and 308-mm brake discs at the front. Values Newton certainly didn’t have in mind.

WHO CARES ABOUT NEWTON, ANYWAY?

Fuel consumption in litres/l 100 km (urban): between 5.0 and 5.4; (combined): between 5.5 and 6.0. Efficiency classes: D, C.
The combination of low displacement, turbocharging, and direct injection provides for impressive power development. The maximum torque is already available in the lower engine speed range. This reduces fuel consumption – and noise emissions, too.

**Note:** The figures listed have been determined in accordance with the measuring method stipulated. These figures do not refer to a particular vehicle and do not constitute part of the offer but are purely for comparison purposes between the various types of vehicle. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors, for example the ambient conditions, play a role in determining a car's fuel consumption and CO₂ emissions. Additional equipment and accessories (add-on parts, tyres etc.) may change relevant vehicle parameters such as weight, rolling resistance and aerodynamics, thus affecting consumption and driving performance values beyond the effects of weather and traffic conditions.

**Note:** Efficiency classes evaluate vehicles on the basis of CO₂ emissions, taking into account the vehicle's unladen weight. Vehicles corresponding with the average are given a D rating. A+, A, B or C ratings are given to vehicles which are better than the present-day average, and E, F or G to those below this average.

#### TSI ENGINE

DISCOVER VOLKSWAGEN’S AUTOMOTIVE WORLD.

The new Golf GTI – a journey to the world of mobility. Collecting your new car from the Autostadt in Wolfsburg will be a memorable experience for you. In the course of your journey through the world of mobility, you will get to know the various Volkswagen Group brands.

Take a look around the automotive arena in the Autostadt, have something new about responsibility at the LEVEL GREEN exhibition and much more to experience as you view the machines that make children’s dreams come true. When the moment arrives that you can collect your car, your personal adviser will give you tips and all the information you need.

You can obtain full information from the free hotline 0800 – 200 672 38, the apps for iPhone and android phones or refer to www.autostadt.de.

Volkswagen Driving Experience. React correctly in critical driving situations in order to reach your destination confidently and safely: during driving and safety training, our professional trainers show you how to deal with unforeseen situations on the road. Details can be obtained via the free hotline under 0800 – 893 93 68 or from www.volkswagen-driving-experience.de.

Service guaranteed. Wherever you are, you can take advantage of the comprehensive Volkswagen service offered at each of our approx. 1,500 dealers in Germany. Please visit us or call free of charge under 0800 – VOLKSWAGEN (0800 – 56.576.934).

Quality guaranteed. In addition to the statutory warranty, you receive a 3-year Volkswagen guarantee for all new Volkswagen cars and, for the bodywork, a 5-year guarantee against paint defects and a 10-year guarantee against rusting through.

Mobility guaranteed. Breakdown service, replacement car or overnight accommodation in a hotel. If you have your Volkswagen serviced regularly as recommended, you can enjoy the advantages of the LongLife mobility guarantee. The free emergency hotline can be reached under 0800 – VW SERVICE (0800 – 893 792 23).

Volkswagen Bank. Those who decide on a new Volkswagen expect high standards of quality from their car and from the financial services provider giving them comprehensive advice and options concerning the transaction. The innovative financial products and packages offered by Volkswagen Bank, Volkswagen Leasing and Volkswagen VersicherungsService give you the means to ensure that you are financially mobile as well. Further information can be obtained from www.volkswagenbank.de and from your Volkswagen Dealer. Contact your Volkswagen Partner for a personal financial services quote.

Das Auto.Magazin takes you on a digital journey to the fascinating world of Volkswagen. Experience the brand in a new dimension. The magazine, specially developed for the Internet and iPad, lets you actively experience the Volkswagen world with interactive videos about mobility, technology and lifestyle. Get to know Volkswagen in a new kind of virtual reality: visit www.dasauto-magazine.com on the Internet or download an app from the iTunes Store.

All details of the Volkswagen guarantee and of the Volkswagen paint and bodywork guarantee apply only to vehicles at the Volkswagen brand in accordance with the current range of vehicles offered for the Federal Republic of Germany and which are issued with a service booklet from Volkswagen AG for the German market.

The services offered on these pages apply only to the German market. Your local Volkswagen Dealer will be pleased to give you details of the differences in your specific country.
The new Golf GTI
